TOTAL: 30 LESSONS WITH TUTOR SUPPORT VIA SKYPE.

INTRODUCTION.

Welcome !!!

In this course, the basic elements of the language have been carefully selected and condensed into 30 short lessons ,(15 lessons basic level and 15 lessons intermediate level) you will need at least 15 minutes of practice every time you login in the course. in this way ..You will learn Spanish that way you learned English, starting with simple words and progressing to complex phrases... In our basic level not text is required ,but is necessary a good bilingual dictionary at least ,in every lesson I'm choosing a list of usefully words this list will need to be checked by yourself. Following our next intermediate level , we will work with a text book, don't worry you don't need to buy this. I will sent you every lesson to your email registered 2 weeks before our weekly session online so you could study and prepare all your questions as well . **

Thank you by your inscription and enjoy learning my language in a practice but intensive way.

****Skype videoconference support available only on weekends.**

Timetables are flexibles every week depending of your available time .
